
Report To: Planning & Environment Committee

Date: 14 July 2025

Contact Officer: Paula Harrison

Subject: Bike Repair Station

1. Bike Repair Station

- 1.1 A number of Parish Councils in Swindon have installed a Bike Repair Station. These offer access to multi tools, spanners, screwdrivers, adjustable tyre levers and a pump. Feedback from other Parishes indicates that these are popular and well used but also prone to misuse.
- 1.2 It is proposed to install a bike repair station at Rivermead, near the benches and sign as the pathway is popular with cyclists and would be adjacent to the multi wheels track.
- 1.3 The cost of a stand would be in the region of £1,275 plus VAT

Public Bike Repair Stand & Pump

£1,275.00

Cost Implications

- 1.4 The budget for the bike station could be funded through earmarked reserves under the allocation for CIL (£21,790) or Play Areas (£108,942)

2. Recommendations:

- 2.1 That this Committee notes the proposal and gives feedback to the Parish Team.
