
Report To: Full Council **Date:** 21 July 2025

Contact Officer: Paula Harrison

Subject: Defibrillator report

Defibrillator Update Report

- 1.1 In the last year, West Swindon Parish Council initiated the installation for four defibrillators in public locations across the Parish. These new additions are hosted on exterior walls and accessible to the public 24/7 and registered for emergency services.

Attached as Appendix A is a list of defibrillators registered in West Swindon.

Considerations

- 1.2 Freshbrook Village Centre has a defibrillator inside Tescos which is accessible during the opening hours but no defibrillator is available on a exterior wall currently. The Windmill Pub have indicated that they will fundraise and install an outside defibrillator. There are schools and businesses with mixed hours that have a defibrillator available.
- 1.3 There appears to be very few defibrillators accessible to the public in Grange Park, partly due to the lack of businesses or community buildings. Peatmoor and Sparcells are also on the lower end of provision.

Financial Considerations

- 1.4 The Parish Council has budgeted £5,000 for defibrillators which would cover approximately three to be installed if appropriate locations could be sourced. There would be a remaining amount to cover replacement pads as and when required.

2. RECOMMENDATIONS:

- 2.1 That Council considers the information and instructs the Parish Manager accordingly.

DEFIB LOCATIONS

DEFIB LOCATIONS IN WEST SWINDON
