SCALE	1 to 100 @ A3		

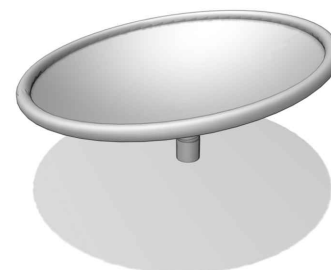

An exhilarating free form swing, on which up to five children can sit or stand. It can be used as a very dynamic piece of equipment or to give a more gentle motion for inclusive play for those less able. Also suitable for use by adults.

With two opposing decks, one side is all about climbing and agility whilst the other is all about the thrill of the ride down the ergonomic slide bars. Crossing between the decks is challenging but there is always the easy option of using the foot holds if you just have to get up quickly for another slide.

2.4m Swing with 2No. Flat Seats

One of our most inclusive products, our large dish roundabout can be used for very fast dynamic play.

The rocking and rotating motion with good body support and security given by the dish shape, makes our large dish roundabout accessible to all.
